It would seem to me that, in view of the information stated above, you are in a pretty good position as regards the percentage completion of recruitment against your T/O. It would further appear that your big problem is one of developing satisfactory cover for the candidates now in process of clearance. This problem is not within my cognizance. However, I am referring the matter to Mr. [REDACTED] and will, of course, be most willing to give him and you such help as I can.

25X1C

If there are any problems concerning specific individuals, please let me know and I will do all I can to help.

Sincerely,
